

Clinical Chemistry Programme

Fructosamine Pilot Study

Dear Participant,

As part of the development within **RANDOX**, they are launching a pilot study to include Fructosamine as a parameter in the Clinical Chemistry Programme. You may register for this parameter at no extra cost.

If you wish to return results for Fructosamine, please complete the required sections below and return it to **THISTLE QA** as soon as possible. Please also send a copy of your kit insert. On receipt of your details you will be sent an updated return sheet.

If you have any questions or comments, please do not hesitate to contact us.

Yours sincerely,

Debbie Moosa
Thistle General Manager
