

# RANDOX INFECTIOUS DISEASES PILOT STUDY

RANDOX intends to offer a new Infectious diseases pilot study. Participation in this pilot study will be free of charge. If you would like to participate in this pilot study, please complete this questionnaire and return it to THISTLE before 10th February 2011. Please be as specific as possible in completing the assay details of the parameters, stating clearly your instrument system, reagent and unit where applicable. Please note that not all parameters may be present in the pilot study, this questionnaire is to gauge interest in the pilot study

<b>Lab. Name:</b>  <b>Participant (QA) Number:</b>  <b>Contact Person:</b>  <b>Email address:</b>
How frequently do you require an EQA sample for the parameters provided?

Please complete for parameters you would like to assay in the pilot study.

Parameter	Method	Instrument	Reagent Supplier	Volume per test	Units
Anti-HIV-1					
Anti-HIV-2					
Anti-HCV					
Anti-HBc					
HbsAg					
Anti-CMV					
Anti-HTLV-1					
Anti-HTLV-2					
Anti-HSV					
Anti-Toxoplasma IgG					
Anti-Toxoplasma IgM					
Anti-Rubella IgG					
Anti-Rubella IgM					
Anti-Measles					
Anti-Mumps					
Anti-Varicella Zoster Virus					
Anti-Epstein Barr Virus					
Anti-Epstein Barr Virus Nuclear Antigen					
Syphilis
